

REMARKS

Attorney for applicant has revised independent claim 1 to incorporate the substance of claim 9, now canceled. Dependent claims 3 and 10 have been revised in minor aspects, also. Thus, claims 1-8 and 10 are presented for consideration on their merits.

The revisions to the claims were made to more clearly delineate the unique aspects of applicant's aerosol nozzle adaptor vis-a-vis the prior art documents cited in the international search report of June 7, 2004.

Respectfully submitted,

Martin P. Hoffman
